

# PVC PLANKING

INTERLOCKING PVC PANEL

**EXTREMELY DURABLE**

**EASY INSTALLATION**

## ABOUT PVC PLANKING

PVC Planking is a durable, heavy duty, interlocking panel used primarily in livestock facilities for interior walls and pen partitions.

It is also an ideal product for car washes, dog kennels, meat processing plants, and more.

When standing an interior wall, no studs or backing is needed. The profile is durable to withstand extra weight and abuse.
